Re: Larry Landry Dump Site (LAD985169804)

Dear Mr. Bertrand:

The U.S. Environmental Protection Agency (EPA) has conducted a Preliminary Assessment under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended, on the Larry Laundry Dump Site, Intracoastal City, Vermilion Parish.

For your information, a copy of the report is enclosed.

This site is being investigated as a result of a Citizen's Petition received by the EPA. A review of the available files and sample data provided to the EPA by the citizen indicates that this site warrants further evaluation. For this reason, evaluation of the site in the Pre-remedial Program will continue, and a Site Screening Inspection will be conducted at the identified location.

If you have any questions, please contact Bartolome Camellas at (214) 655-6740.

Sincerely yours,

William H. Taylor, Chief
Superintendent Site Assessment Section (CH-JIA)
